North Carolina General Statutes 62-3

(23) a. "Public utility" means a person, whether organized under the laws of this State or under the laws of any other state or country, now or hereafter owning or operating in this State equipment or facilities for:

1. Producing, generating, transmitting, delivering or furnishing electricity, piped gas, steam or any other like agency for the production of light, heat or power to or for the public for compensation;

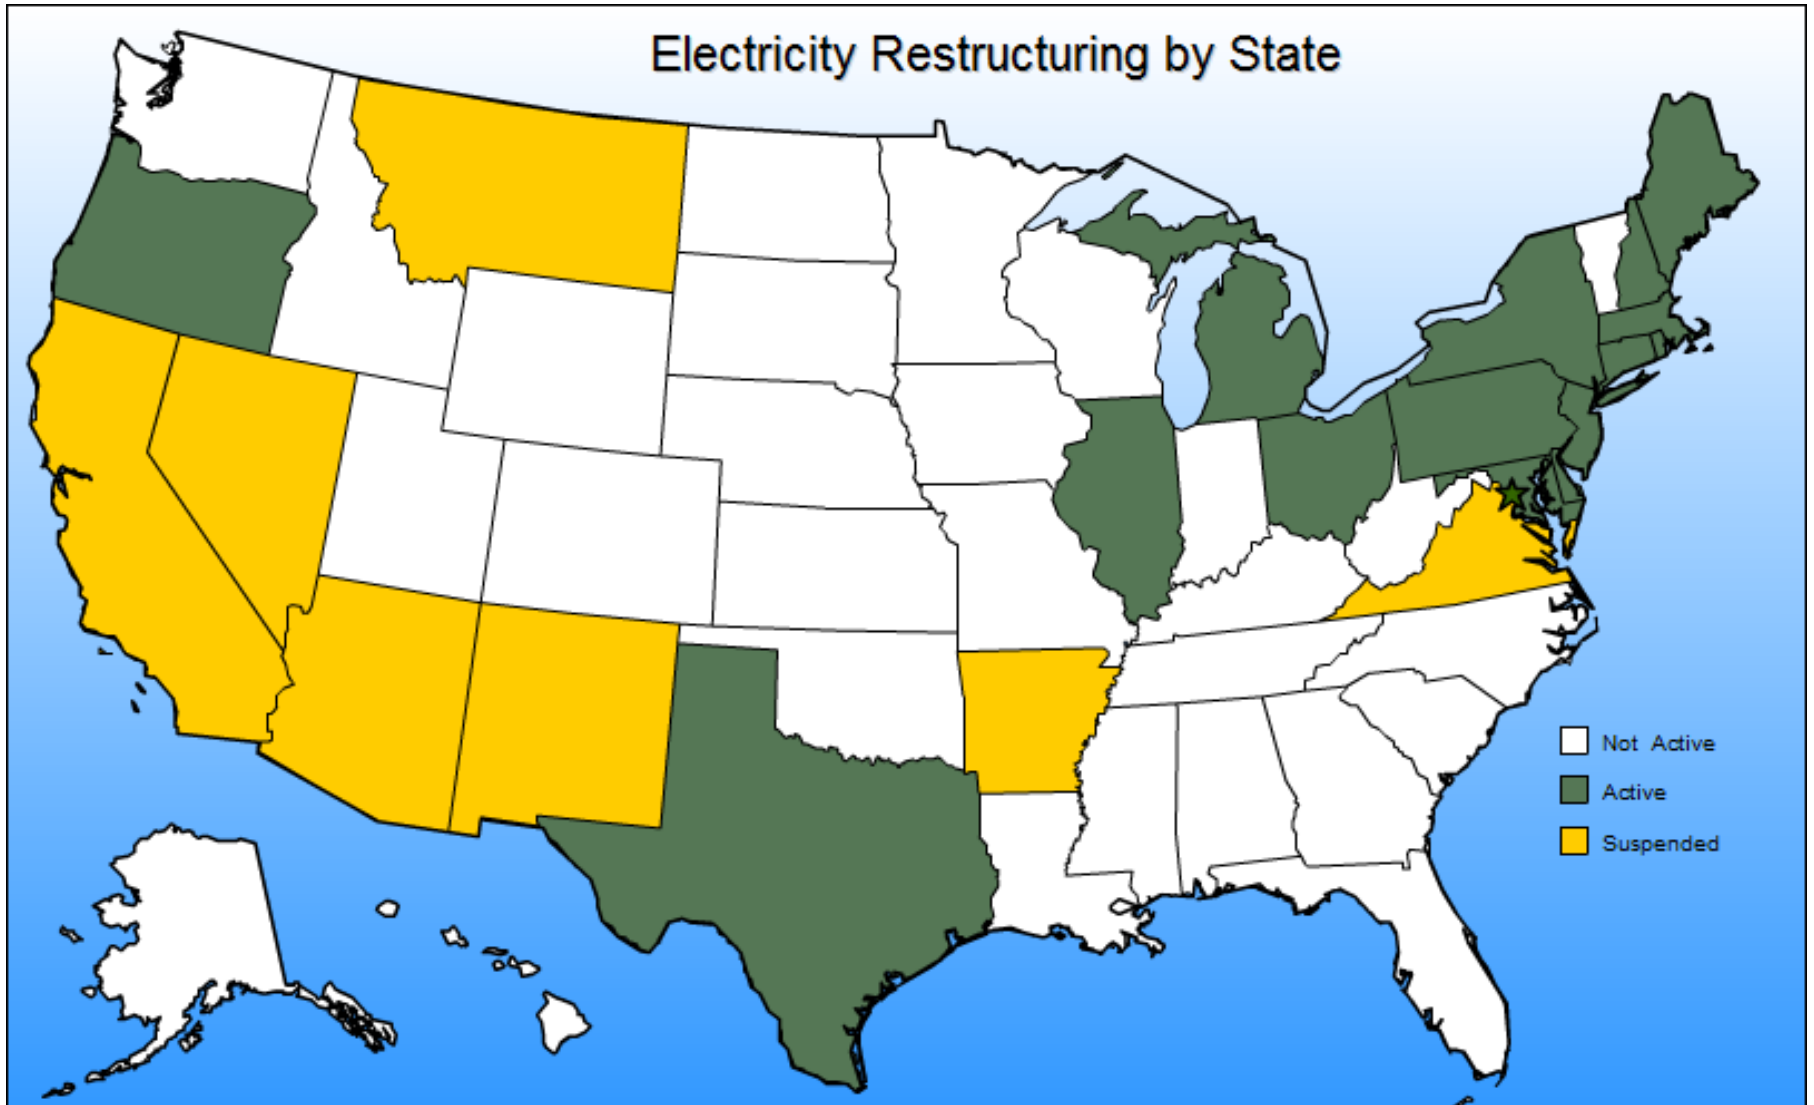

3rd-Party Solar PV Power Purchase Agreements (PPAs)

www.dsireusa.org / January 2012

Note: This map is intended to serve as an unofficial guide; it does not constitute legal advice. Seek qualified legal expertise before making binding financial decisions related to a 3rd-party PPA. See following slides for additional important information and authority references.

Electricity Restructuring by State

Source: Energy Information Administration

3rd Party Sales and Restructuring

Restructured states with retail choice

Utilities traditionally regulated; 3rd party sales authorized/otherwise in use

• Puerto Rico
